## MARTHA MATTINGLY SCHOLARSHIP 2017

The Martha Mattingly Scholarship is awarded to support professional development and leadership of early career child and youth care work professionals. Scholarship recipients may use the scholarship funds for professional engagement including the following:

- Attending meetings of professional associations or other leadership events;
- Attending national and international conferences relevant for child and youth care work professionals;
- Attending trainings, seminars, and other professional education programs which contribute to professional leadership;

Scholarships are available to child and youth care work practitioners in any country. Funding may be used to attend events in any location. Typically a person can be granted a scholarship once.

Each year the Mattingly Scholarship Committee designates an amount of funding that will be awarded in that year. In some instances only attendance at specific events will be funded. In other years, scholarships will be made available to fund events based on applicants' requests.

Scholarships are granted based on:

- Individual merits of an application;
- Availability of scholarship funds;
- Committee's decision as to what funds can be used for during the year the event occurs in;

Applicants must agree to write a brief (500 to 1000 word) summary of their experience and how it contributed to their professional development. The summary may be used in future publications/postings relating to the Mattingly Scholarship Fund. The committee may approach scholarship recipients for permission to use their photograph in future Mattingly Scholarship promotional materials.

In 2017, one \$500.00  
scholarship will be awarded  
to attend:

**WACYCP Regional  
Conference in Milwaukee,  
Wisconsin.**

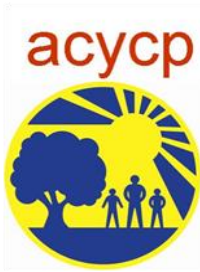

June 1, 2017

Application deadline: March 15, 2017  
Award decision by: April 17, 2017
